(b) (6),

As a follow-up to our discussion yesterday, RADM Jonathan White will represent Navy at the 23 July hearing on "Implementing U.S. Policy in the Arctic." His biography is at the following link:
<http://www.navy.mil/navydata/bios/navybio.asp?bioID=545>

Also, please find the attached Navy Arctic Roadmap, released in late Feb 2014. RADM White met with Rep Hunter's staff ((b) (6)) to discuss the Roadmap on 11 March. He discussed the Roadmap with Rep Garamendi on 30 April.

Finally, if not too much trouble, we'd like to know who the other witnesses are as they're identified. Of course, you mentioned VADM Neffenger and RDML Glang. Please let us know who will represent the National Science Foundation and the State Department (if they're added).

Thanks again for insights yesterday. Look forward to pulling this together.

V/R,

(b) (6)
